ACADEMIC EXPERIENCE

• "WORLD COUNTRIES" - (02/2021 - 03/2021) - FULL STACK DEVELOPER

An individual project where I developed an **application** where you can see countries and information about them. Using some of the technologies learned in Henry's bootcamp, to build the **front-end**, **back-end** and the **database** of my app.

Some of the **features** that you can find in the app are: see the countries, search for them, sort and filter them, see the details of each one and the CRUD functionality for the tourist activities of each country.

• "SNEAKER SHOP" - (03/2021 - 04/2021) - FULL STACK DEVELOPER

Ecommerce created by an agile **development team** implementing the **SCRUM** methodology.

- With the design and development of the following **features**:

- **Basic functions** of an Ecommerce (CRUD of products, auth, catalog, checkout, etc).
- **Payment** gateway integration (stripe).
- Sending transactional **emails** (mailgun).
- Product **offer** system.
- Management and sending of **newsletters**.
- **Administration** of: shopping cart, orders, stock, users, management of keys, products and models.
- Personal and group **achievements**:
 - Quick learning and implementation of new technologies such as TypeScript, GraphQL, Stripe, Firebase, Auth0, among others.
 - Establish a dynamic and efficient group interaction.

PROFESIONAL EXPERIENCE

FULL STACK TEACHING ASSISTANT AT SOY HENRY

February 2021 - April 2021

During my studies I was an assistant professor.

My role was: to support, teach, guide and contribute to the learning of students of less advanced levels, who were studying full stack web development.

EDUCATION

FULL-STACK WEB DEVELOPMENT

SOY HENRY | 2020 - 2021

More than 1000 hours of learning and practice reduced in a 5 month bootcamp
